Tai and Sora Forever

> <meta name="Generator"> **

Tai and Sora were sitting on a rock when Sora asked a VERY out of the blue question, " Tai, what do you think of me?"

—

I can't tell her how I feel about her, Tai thought, _I can't tell her how I think she is the most beautiful girl I have ever seen. Oh this is so confusing what am I going to tell her?_

And then he stopped. Everything stopped. The world stopped. Everything turned black inside of Tai's head interrupting his thoughts. The blackness crept through his mind like a snake slithering around. Tai did not know what to do, he did not know what was going on. It felt as though he was falling, that he was leaving the world.

He fainted and as he did so he hit his head on the rock they were sitting on.

" Oh my gosh I think he's got a concussion!" Sora yelled out.

The six other digi-destined, Matt, Izzy, Kari, Mimi, T.K., and Joe all ran over to where Sora was crying.

—

_Its all my fault, I'm the one asked the question. He probably did not know what he thought of me and fainted from the confusion. _thought Sora.

The digi-destined rushed Tai to the hospital so he could get medical

attention right away.

AT THE HOSPITAL...

" Dr., will he be all right?" Sora asked.

" Yes, he should only be in the minor concussion for a few days" replied the doctor.

" May we go in and see him?" Kari asked.

" Yes, I think that would be appropriate." answered Dr. Kido.(Joe's father)

Beside Tai's hospital bed each digi-destined was aloud to say something to him knowing that he could hear them. Only Sora wanted to go because no one else thought it real bad. They believed the doctor and no one but Sora knew what to say.

" Hey, its all my fault. I was the one that asked you the stupid question ' what do you think of me' I can't believe I did this to you. The only reason I asked you the question was I was wondering if you liked me back the way I like you, as a friend but also much more than that."

Sora bent down and gave him a kiss but something weird happened, he kissed her back.

Matt noticed they were kissing and motioned for the other digi-destined to come and watch.

" He isn't in a concussion no more, SMILE ^_~" shouted Kari as she took a picture just before they stopped.

" KARI!!!!!!!!!" both Tai and Sora yelled at the same time.

So tai was O.K. even though he was confused at first he got over it and the other digi-destined filled him in.
